Dear Sir/Madam

## LETTER OF RECOMMENDATION

SunPower Innovations LTD is a solar EPC (Engineering Procurement and Construction) company located in Accra, Ghana. We contracted them in July, 2016 to install a photovoltaic system that will eliminate our high cost of electricity.

They were able to install a 100KWP Grid-Tied system that allows us to net-off our electricity consumption through a net-meter they installed with the Electricity Company of Ghana (ECG) engineers.

We highly recommend their expertise as they showed exemplary service and dedication to the project. We trust in their competence and engineering acumen as a result.

Yours faithfully,
